The Voice of SMEs in Engineering

Details: SEPTEMBER TRADE LEADS

Date: 29th September 2011

Dear Member

The following trade leads are currently appearing on the Trade Board pages of the EIA website at www.eia.co.uk. However, as our main mailshots are now issued 1/4ly, many leads will expire before the next one is due (some already have). To ensure members do not miss out, I am including brief details of all the live January Leads.

If you would like further details on any Trade Leads, please do not hesitate to contact me.

If you have gained any business through the EIA Trade Board, we would be pleased to hear from you.

Kind regards

*Pat Young
Regional Director*

UK LEADS

Electron Beam Welding Equipment Required - For educational use. Further details available.
End Date: 07/11/2011 *Reference: 23092*

UK SUB-CONTRACT LEADS FROM QIMTEK

If you would like to bid for any of these leads you will have to become a Member of Qimtek. Please call Millie Heard, on 01256 394516 or email millie.heard@qimtek.co.uk Qimtek are EIA Members and are pleased to offer discounted Membership terms to EIA Members. www.qimtek.co.uk

CNC Machining Services Required - Manufacture of mild steel drive shafts for use in pump equipment. Further details and specifications available.
End Date: 30/09/2011 *Reference: 23057*

Conventional Machining Services Required - Machining of mild steel shroud crowns, pump shafts & pump shaft frames. Further details and specifications available.

End Date: 30/09/2011

Reference: 23077

Machining of Plastics Required - Plastic parts for repair of welding guns. Further details and specifications available.

End Date: 14/10/2011

Reference: 23095

Sheet Metal Fabrication Services Required - Mild steel back plates for use in electric parts. Further details and specifications available.

End Date: 30/09/2011

Reference: 23096

Sheet Metal Fabrication Services Required - Cutting, folding & slotting of mild steel brackets and main frames. Further details and specifications available.

End Date: 30/09/2011

Reference: 23098

Machining of Plastics Required - Machining of plastic protection rings. Further details and specifications available.

End Date: 03/10/2011

Reference: 23099

CNC Machining Services Required - Machining of female and male aluminium hinges for house-ware manufacturing. Further details and specifications available.

End Date: 30/09/2011

Reference: 23100

Sheet Metal Fabrication Services Required Laser Cutting, fabrication & powder coating of mild steel parts up to 3mm thick. Further details and specifications available.

End Date: 30/09/2011

Reference: 23105

Machining of Plastics Required - Machining of plastic water/air manifolds for automobile parts. Further details and specification available.

End Date: 30/09/2011

Reference: 23108

Conventional Machining Services Required - Machining of stainless steel posts, splicers, collars etc. Further details and specification available.

End Date: 04/10/2011

Reference: 23113

Grinding Services Required - Grinding of bush unit in exotic metal. Further details and specifications available.

End Date: 29/09/2011

Reference: 23116

Fabrication Services Required - Fabrication of 6-15mm thick aluminium plates and columns used in the manufacture of generators. Further details and specifications available.

End Date: 04/10/2011

Reference: 23117

Water Jet Cutting Services Required - Water jet cutting of an aluminium sign. Further details and specifications available.

End Date: 03/10/2011

Reference: 23118

EXPORT LEADS

Industrial Equipment Required - A Portuguese company seeks range of equipment such as pumps, valves, presses, reducers, compactors, compressors, winches, reels, etc is sought by this company operating in the oil & gas, environment, pulp & paper and cement industries. Further details available.

End Date: 30/10/2011

Reference: 23039

This is a UKTI lead. Interested parties will need to register with UKTI at <http://www.ukti.co.uk> for contact details.

Equipment & Components Required by Drilling Company - Pup joints, drill collar slips, drill pipe slips, float valves, bit breakers, heavy weight drill pipes, hinge jaw assembly for rotary tong, lug jaw assembly & BJ type drill pipe elevator. For export to Colombia.

End Date: 30/10/2011

Reference: 23040

This is a UKTI lead. Interested parties will need to register with UKTI at <http://www.ukti.co.uk> for contact details.

Bearings Required - This is a Bulgarian public sector tender for supply to a thermal power plant. Bid & performance bonds are required.

End Date: 28/10/2011

Reference: 23042

This is a UKTI lead. Interested parties will need to register with UKTI at <http://www.ukti.co.uk> for contact details.

Penstock Valves & Piping Equipment Required - This is a French open procedure public sector tender for the supply of: penstock valves, pipeline, piping, casing, tubing and related items. Tenders or requests to participate may be drawn up in French.

End Date: 24/10/2011

Reference: 23044

Machinery & Equipment Required - This is a Polish open procedure public sector tender for the supply of machine tools, lathes, milling machines, presses, etc. Tenders or requests to participate may be drawn up in Polish.

End Date: 26/10/2011

Reference: 23046

Workshop Equipment & Machine Tools Required - This is a French open procedure public sector tender for which tenders or requests to participate may be drawn up in French.

End Date: 04/11/2011

Reference: 23047

CNC Lathe Required - This is a Czech open procedure public sector tender for the supply of machine tools, lathes, milling machines, presses, etc.

Tenders or requests to participate may be drawn up in Czech.

End Date: 14/11/2011

Reference: 23048

Tanks, Reservoirs, Containers & Pressure Vessels Required - This is a Spanish open procedure public sector tender for the supply of machine tools, lathes, milling machines, presses, etc. Tenders or requests to participate may be drawn up in Spanish.

End Date: 24/10/2011

Reference: 23050

Pressure Vessels Required - This is a Polish open procedure public sector tender for the supply of machine tools, lathes, milling machines, presses, etc.

End Date: 24/10/2011

Reference: 23051

Chains Required - This is a Bulgarian open procedure public sector tender for the supply of machine tools, lathes, milling machines, presses, etc. requiring a tender fee, performance bond and bid guarantee.

End Date: 31/10/2011

Reference: 23063

This is a UKTI lead. Interested parties will need to register with UKTI at <http://www.ukti.co.uk> for contact details.

Roller Bearings Required - This is a Slovakian open procedure public sector tender for which tenders or requests to participate may be drawn up in Spanish.

End Date: 12/10/2011

Reference: 23064

Manufacturers/Suppliers of CNC Punched Copper Conductors Sought - This French company is especially looking for subcontractors of silver soldering joint, tin and nickel plating, in small and medium series. Responding companies must have CNC punching machines, bending & folding machines, silver soldering capacity with an average precision of 0.2. They seek a long-term reliable business partnership.

End Date: 16/09/2012

Reference: 23074

Panels, Profiles & Other Components for Clean Rooms Required - The enquiring Russian company is interested in co-operation with manufacturers of the above.

End Date: 10/11/2011

Reference: 23084

This is a UKTI lead. Interested parties will need to register with UKTI at <http://www.ukti.co.uk> for contact details.

Armour-Faced Conveyors Required - For mining purposes. This is a Polish open procedure public sector tender for which tenders or requests to participate may be drawn up in Polish.

End Date: 31/10/2011

Reference: 23085

Angles & Sections Required - This is a Polish open procedure public sector tender for which tenders or requests to participate may be drawn up in Polish. Further details available.

End Date: 14/10/2011

Reference: 23086

Fume Cupboards Required - This is a French open procedure public sector tender for which tenders or requests to participate may be drawn up in French.

End Date: 14/11/2011

Reference: 23087

Special-Purpose Machine Tools Required - This is a Romanian open procedure public sector tender for which tenders or requests to participate may be drawn up in Romanian.

End Date: 01/11/2011

Reference: 23088

Lathes, Boring & Milling Machines Required - This is a French open procedure public sector tender for which tenders or requests to participate may be drawn up in French.

End Date: 02/11/2011

Reference: 23089

CNC Lathe Required - This is a French open procedure public sector tender for which tenders or requests to participate may be drawn up in French.

End Date: 07/11/2011

Reference: 23093

Industrial Drill Bits Required - This is a Polish open procedure public sector tender for which tenders or requests to participate may be drawn up in Polish. Further details available.

End Date: 17/11/2011

Reference: 23107

Please remember to use due diligence in responding to Trade leads. The Engineering Industries Association (EIA), provides you with the above information in good faith, but is unable to accept any responsibility or legal liability from any use of these leads.
